

**CITY COUNCIL WORKSHOP**  
**Water System Discussion with Department of Health**  
**Tuesday, June 7, 2011**

Mayor Mike Cassinelli opened the meeting. Council members Gary Forner, David Jensen, Don Berger; Elaine McMillan (Treasurer); Daryl Gardner and Dennis Schweizer (Public Works); Gail Moore; Doug Ross; Pierre Marchand; Nancy Lockett (Gray & Osborne); Teresa Walker and Corina Hayes (Health), Cathi Read (Dept. of Commerce) were present. Recommendations from the 2006 Cadmus report were reviewed. Which recommendations had already been implemented were identified as well as which ones were underway, and which ones still needed to be done. The ones that still need to be done were included on the overall list of things that need to be done. Additionally, the following was discussed:

- The need to get the new intake structure and dock in place soon; Nancy Lockett/Gray & Osborne is in the process of designing.
- Daryl Gardner said he ran filters 1 and 2 in May, but then had to switch to filter 3 a few days ago.
- Teresa Walker asked about preparations for adjusting KMnO<sub>4</sub> feeds for summer months to avoid overfeeds due to temperature inversions.
- Water System Plan update – city has been reviewing drafts of revised chapters; must be submitted to Health by June 15; public hearing scheduled for July 11.
- Drinking Water State Revolving Fund (DWSRF) –The cultural assessment was brought up to remind Ilwaco they need to complete the cultural assessment process (which can take up to 9 months) prior to beginning any work on the three Projects. There is no deadline to starting the work. Contact Aleceia Tilley at Health for more information.
- Teresa will send the City more information on the performance-based training for surface water treatment plant operators that will be offered by Health.
- Cathi Read distributed an April 2011 Health fact sheet entitled ‘Water System Capacity.’

**Next water system-related meetings**

- Tuesday, July 12, 3:00 – 5:00 pm – Prioritize overall list of things that need to be done on the water system and start developing action plan
- Tuesday, August 2, 3:00 – 5:00 pm – continue working on and implementing action plan
